

# SKILLBRIDGE AT TEXAS A&M

## Enhance Your Department with Top Military Talent at No Cost To You!

Texas A&M SkillBridge allows departments to host military interns, helping them transition to civilian careers.

Funded by the Department of War, this program is free for Texas A&M. Internships can be in any field, last 90 to 180 days, and have flexible timelines set by the department and the intern.

The program aims to provide interns with the opportunity to interview for full-time positions at Texas A&M when their internships conclude.

Learn how SkillBridge can strengthen your team. Scan the QR code to get started.
